

Local Projects 3D Artist/ New Media Designer

Local Projects is seeking a new team member with expert 3D modeling, lighting and render skills to join our award-winning design studio. Candidate should have advanced skills with 3D StudioMax and/or MAYA plus proficiency in Rhino, AutoCAD and Adobe CS3 standard design apps. We are also interested in candidates that can offer a smaller secondary media skill set in interactive design, graphic design, video/sound editing or programming/web development. Sense of design a must.

Skills:

- Ability to translate, light and populate architectural drawings into 3D space with ease and flexibility.
- Execution of digital workflow solutions including asset management, process automation and version tracking.
- cursory knowledge of video production and interaction design.
- Interest in media for museums, exhibitions and public spaces
- Must work well with members of a team in order to facilitate fast turn around of designs as they evolve for both short term and long term projects.

Desired:

BFA or B.Arch degree. 1-3 years experience working with exhibit designers, architects, new media firms or similar preferred.

To Apply:

Please send resume, cover letter and portfolio link to: jobs@localprojects.net.

Please be sure to include renders of interior spaces in your body of work.
